I. PURPOSE

- A. The purpose of this policy is to provide a dress code for employees that is consistent with their job and responsibilities while presenting a professional image to the public.
- B. The City of Beaumont recognizes that personal appearance is an important element of self-expression and strives not to control or dictate employee appearance. All employees are expected, regardless of public contact, to exercise good judgment with regard to personal appearance, dress, and grooming to be the most effective in the workplace.
- C. Department specific dress codes may be implemented to supplement this policy to comply with industry standards or department specific needs.

II. RULES/PROCEDURES

- A. Employees provide service to the citizens while performing specific tasks in a professional manner. As representatives of the City, employees are encouraged to set and maintain high standards by performing quality work and presenting a professional personal image to the public at all times.
- B. Employees should dress in a manner that is appropriate for the job, regardless of work location and degree of public contact, to maintain an acceptable general appearance at all times.
- C. Department Directors and supervisors shall be responsible for ensuring that employees are in compliance with this policy at all times and may grant exceptions, with the City Manager's approval, under special circumstances (i.e., religious beliefs, national origins, special designated events, etc.).
- D. The City of Beaumont allows reasonable self-expression through personal appearance, unless it conflicts with an employee's ability to perform their job effectively or within their specific work environment, or it is regarded as offensive or harassing towards others.

The following is intended to be a guide for professional appearance and good grooming:

1. **Attire** – Clothing should be clean, hemmed, free of holes, rips, tears, or other signs of wear and wrinkle-free/pressed and in good repair. Appropriate undergarments should always be worn. Revealing or skin-tight attire is not acceptable.

3. **Hair** – Hair and facial hair (sideburns, moustaches, and beards) should be clean, combed, and neatly trimmed or arranged. Hairstyles should be appropriately professional and should not present a distraction in the performance of the employee’s job function. Hair color should be within naturally occurring color tones. Bright showy colors and non-natural hues are discouraged.
4. **Fingernails** - Fingernails should be clean and an appropriate length to operate office equipment efficiently and effectively. Departments may have restrictions on the length of nails to the extent that nail length may present a health or safety issue.
5. **Body Ornamentation** – Gauges (or large holes in the ears), body piercing, or other ornamentation of the face (other than ears), head, and mouth are generally not appropriate for the workplace but may be permitted at the discretion of the Department Director. 6. **Body Jewelry** (earrings, rings, bracelets) – Employees may wear tasteful jewelry in moderation, including size of the jewelry pieces and the number of pieces worn. Where job duties present any type of safety risk, those departments may choose to severely limit or prohibit the wearing of jewelry with limited exceptions approved by management and/or Human Resources including as a reasonable accommodation of a religious dress practice or religious grooming standards.

III. VIOLATIONS

- A. Employees who violate the City's dress code will be subject to disciplinary action, in accordance with progressive discipline. Violations that are determined to be egregious may result in more serious disciplinary measures, up to and including immediate termination. Supervisors should always discuss potential violations of the policy with the employee in a private setting.
- B. Employees reporting to work in unacceptable attire may be sent home to change using their own time. Repeat offenses will be cause for disciplinary action up to and including termination.

IV. ACCOMMODATIONS

- A. Due to medical needs, employees may be required to wear footwear that is outside the established policy. In those instances, employees will be required to present medical documentation. In addition, the footwear should be of a solid color. Depending on the length of the accommodation, the employee may be asked to periodically provide updated documentation.
- B. Since there are constantly changing styles of dress, it is impossible to list all the appropriate or inappropriate styles of clothing for the office. Because a specific article of clothing is not mentioned as inappropriate does not mean that it is acceptable for the workplace. Employees and supervisors must use good judgment in complying with the spirit of this policy. Human Resources should be consulted for guidance regarding any situation that may not be directly addressed in this policy.
